WAS A FAILURE.

The Attempt of the Spanish to
Raise a Siege.

DEFEATED WITH HEAVY LOSS.

Senator Turpie Delivers Warm
Words in Behalf of Cuba.

SPANISH DESTROYING HOSPITALS.

Key West, Fla., Jan. 27.—The
attempt of the Spanish to raise a
siege of the town of Havana, Cuba,
has failed, according to Havana
advice received here. The town
was shelled for several days, but
was not taken. The Spanish forces
were defeated with heavy loss.

Accordingly, at the head of 200
troops and with a great pack train,
Gen. Nario began his march to the
city of Havana. He was met by the
Cuban forces, who were in command
of the city, and the Spanish forces
were defeated with heavy loss.

The Cuban command is pre-
paring a series of ambulances for the
wounded, which will be most effective.
The Spanish forces would enter a
narrow defile, only to fall back in
confusion before a deadly fire.

Attacks on the Spanish forces
failed, for they were placed
at a disadvantage. The Spanish
forces were defeated with heavy loss.

Three days later, the Spanish
forces were defeated with heavy loss.

reply in that case, that the United
States will repel such intervention.
Yet all we hear is speculation of the
island. There is not an intimation
that European intervention will be
repelled, but if I must say it, rather
an anxiety that the revolution will
fail.

Spain had utterly failed to make
headway against the rebellion.
With an overwhelming military and
naval force, Spain had not re-estab-
lished her power in the single state of
Pinar del Rio.

The forces of Spain have been
engaged, declared Mr. Turpie,
but in the suppression of the revolution,
but in fighting the person of
Captain General Weyler and the
property of Spain at Havana.

Mr. Turpie said as follows:
If the Cuban patriots succeed we
may then claim that we were friends
of that people. Friends in need, in
the hour and day of danger. If
failure is before them, which may
God avert, our nation will still lose
nothing of grace or gratitude, and
we shall then keep faith with the
quenchless spirit of freedom, and in
the words of the great emancipator,
wash that all men, every man, might
be free.

UNKNOWN MEN FROZEN AT ALBANY.

New York, Ky., Jan. 27.—The
house of Dan Wilkins, in the Coun-
terland Mountains, was last night
burned and with it the bodies of an
adult child of Wilkins and a neigh-
bor woman, who was spending the
night with the family. Mr. Wilkins
was to find the house almost a mass
of flames, and succeeded in saving
only a part of his family.

THREE PERSONS CREMATED.

Chicago, Ill., Jan. 27.—The In-
terstate Commerce Commission has
issued its report on the income
of the railroads for the United
States for the year ending June 30,
1906. The total gross earnings of
the roads of the country were \$1,234,456,562. This was at the rate
of \$6,512 per mile, and was a
better showing than in 1905,
or 1894, although it falls be-
low the record for the two years pre-
ceding 1894. Operating expenses
were \$784,921,515, or \$4,380 per
mile. Of the amount of gross earn-
ings \$727,089,939 was paid to the
federal government, \$77,071,674, in
freight, \$28,022,000 in passenger
freight, and \$1,000,000 in mail con-
siderations. Dividends paid were
\$1,081,742, against \$14,432,000
the preceding year. The net earn-
ings of the roads were not in any
wise commensurate with the gross
earnings of the country, but were
distributed all over the United States.

Internal Revenue Collection.
Washington, D. C., Jan. 27.—
The monthly report of the collection
of internal revenue shows that dur-
ing December the collections from
all sources amounted to \$13,266,
162, and for the six months of the
present fiscal year, \$77,071,674.

This is an increase for the month
of \$2,032,000, and for the six months
of \$20,192,000. The collections for
the six months of the present fiscal
year are \$77,071,674, against \$14,432,000
the preceding year. The net earn-
ings of the roads were not in any
wise commensurate with the gross

10:30 train. The case was set for
Friday.
The woman has been an old friend
of the man, and it is said a case, two
old will be brought up against him.
It is also said that a man, who
will be brought against another
woman for the death of another
young girl.

This afternoon at 3 o'clock a num-
ber of witnesses were summoned to
appear in another case where a
woman is supposed to have been
guilty of a similar offense.

THE MAN WAS GRATEFUL.

An Officer Took Him Away From
Bad Company.
Last night Officer Barnhart did a
stranger's good turn.

The fellow works on a government
boat and was out having a time,
when he fell into the hands of a
pious character, who had him
taken to the police station. The
government man had a big "grin" on
him, and the officer was afraid he
would find it gone if he did not leave
his newly made acquaintance. He
look him to his boat and today the
man was very grateful to him when
he found out what kind of company
he was in last night.

A MISSING MAN.

Found Lying in His Own
Field.
He had been stricken by paralysis
the day before.

George Holloway, one of the most
prominent farmers of Lyon county,
disappeared from home several days
ago.

Saturday he was found in his field,
half frozen, and completely paralyzed.
Cause of his straits, upon which he had
fallen, was broken, and he has been
since unconscious. He had been
missing over a day when found.

LENTS WAS DRUNK.

Fined for Having Too Much
Fun.
His Father, John Lents, Charged
Him With Robbery.

Lloyd Lents was presented in
Judge Sanders' court this morning
on a charge of creating a disturbance
in a saloon, last night. He
cursed the bartender and claims that
the bartender cursed him. He was
fined \$5 and costs.

Marshall Collins received a tele-
gram from John Lents, of near Ken-
tucky, last night, asking him to send
Lloyd Lents to prison, on a charge of
robbery.

Young Lents had been to the city
all the afternoon and had spent
about \$10, according to information
secured by the police. He had a
ready been arrested for drunkenness
when the telegram was received, but
no money was found on his person.

Lents arrived last night at 10:30
and informed the police that
his son had stolen \$15 from him
out of his coat pocket. He concluded
not to prosecute his own flesh and
blood, however, and swore out no
warrant. He let his ungrateful son
spring himself from the lockup, however,
until this morning.

This is the same family that has
for some time past been so assid-
uously searching for the abandoned
wife of young Lloyd Lents.

Lents was questioned relative to
the robbery charged to him, and
strenuously denied being guilty.

SUPT. DUGAN

Passed Through With a Party
Yesterday.
Will Have Another Wire From
Louisville to Memphis.

Superintendent of telegraphy of
the Illinois Central system, G. M.
Dugan, Superintendent McCourt and
Trainmaster J. J. Gavin, of the St.
Louis division, and A. H. Baker,
chief electrician, on a charge of
negligence, practiced, it is alleged, on
a young lady who died recently.

All day yesterday Marshall Collins
and the other city officials were at
work on the case, but the court of
inquiry did not develop enough evi-
dence to justify an arrest until late
in the afternoon.

Marshall Collins, although not
through with his investigations, was
affraid the case would escape, and
sent Officer Jones out to arrest her.
The young woman, who was arrested,
told her that she was wanted at the
city hall. She attempted to exert
the nature of the case from the
city hall, but the way to the city hall
was closed by the police. When
police headquarters were reached,
Judge Sanders, appearing before the
fact that she was wanted at the pro-
ducing an arrest, and the warrant
was issued.

ORDERED TO LEAVE.

Judge Sanders Ordered Drunk
Man to Leave.

Judge Sanders has decided to dis-
pense with the presence of any
drunk men in his court. He has
ordered any man who is drunk to
leave the court, and that are always
taking up the time of the court for
nothing. He has ordered any man
who is drunk to leave the court, and
that are always taking up the time
of the court for nothing.

This morning a tall darky wear-
ing a long coat and a blue cap en-
tered the racket store on Broadway,
near Fourth, and called for a cap
that came over his name.

Chief Laffey, who was in charge,
gave him a box of "Hawthornes" and
directly the darky left. The clerk
gave the box to the darky, and fol-
lowed the supposed thief. But did not
overtake him until beyond Seventh St.
He was then halted by a patrolman,
and drew his knife. The darky
jumped, and ran. The patrolman
followed him, and he was arrested.

ance Business.

Has Been Offered a Good Position
With the Fidelity Mutual.

Ex-Congressman W. J. Stone, of
Kentucky, will in all probability
accept a prominent and lucrative po-
sition with the Fidelity Mutual In-
surance company, of Philadelphia.

Mr. Stone, who is a representative
of the company, has been in the city
several days and yesterday Capt.
Stone came down and held a confer-
ence with him at the Palmer House.

Mr. Stone was in the city by a
Six reporter, but he was not inter-
ested in what the reporter had to say.
He let the reporter go, but the proba-
bility is that the gentleman will
soon be in the insurance business.

For the remaining five days only
of the month, at which time we
have, we will sell our New Oak

SUFFER NO MORE NOW!

Paine's Celery Compound is Working
Miracles in Curing Disease.

Paine's Celery Compound is working
miracles in the cure of disease!

No says a recent article by the
foremost medical essayist in Boston.

"Nothing shows more conclusively,"
he adds, "the astonishing capacity
of Paine's Celery Compound than
the thoughtful open-mindedness
of people who use it and recom-

mend it, both in public and among
their closest and dearest friends and
relatives. Among us (physicians) there
is no longer any hesitancy in
recommending this great remedy
without stint of praise."

About the same time the above
article was published, there appeared
in the Boston Journal, the following
letter from Dr. J. C. Chamberlain of
Winchester, Mass., Cambridgeport, a sub-
urb of Boston:

"I take great pleasure in testi-
fying the extraordinary merits of Paine's
Celery Compound. For some time
past I have been under the treatment
of two well-known local doctors, but
they composed efforts proved of no
avail. I have been for years a hard
worker, and in regard to advertised medi-
cines, but having suffered excru-

ating pains in the head, which the
doctors informed me were due to
neuralgic symptoms, I determined
to try Paine's Celery Compound, on
the advice of a friend.

"To my surprise I found an entire
change going on after taking a little
over three bottles and I began to
feel like a new man. I have for the
last ten or twelve years suffered from
pains in the back and other symp-
toms of derangement of the kidneys
and bladder, and have spent many
sleepless nights in consequence, but
now I sleep sound, thanks to the
common sense which induced me to
try Paine's Celery Compound. I will
ever praise the marvelous potency of
this valuable medicine, and at any
time will be glad to give personal
testimony at my address, should any
sufferer care to call, as I consider it
a word to other sufferers."

Go to your druggist for a bottle of
Paine's Celery Compound, and allow
him to sell you nothing else!"

A young man who parts his hair
in the middle and wears creases in
his pants behind him a pants stretch-
er, not long ago, after instructing
his sister how to use the contrivance,
saw her a quarter to put a good set
of ridges in his Sunday pantaloons.
She went ahead and at the end of the
week when he attempted to don them,
he beheld the creases were firm
and even, but straight up and down
his sides. Then the mean old thing,
as his sister expressed it, made her
give back the quarter.

A farmer up in Lyon county claims
that he always grows the biggest
sweet potatoes in Kentucky. He
and a neighbor had a dispute recently
over their respective abilities as
sugar growers, and he became
"fired."

"It air a fact," he asserted, "that
I was greatly pestered by hogs a good
deal in my 'latter patch' and didn't
allow him to hog 'em. Now, you see,
he has a quarter to put a good set
of ridges in his Sunday pantaloons.
She went ahead and at the end of the
week when he attempted to don them,
he beheld the creases were firm
and even, but straight up and down
his sides. Then the mean old thing,

When the rig got within a few
feet of the bird a happy little fellow
seized the latter, and it loudly
squeaked, "Silvie, Silvie, here Silvie!"
The last words were those of despair,
but the pointer was so surprised that
she confused the bird didn't want to
dig such a freak as that, and any
way the family came at this juncture
to the rescue.

Another one of his favorite stories
was about an old time backwoods

to the rescue.
